INTRODUCTION

The high demand for software developers has inspired and driven to a new form of education called the coding bootcamp

Acaplux Ghana's coding bootcamp program is based on this innovative way of education designed to provide aspiring software developers with the technical skills needed to start their careers in the fast-paced tech industry.

OUR VISION

To be the most trusted and leading software training company in Africa and beyond

OUR MISSION

Our mission is to unlock human potentials and create a world where people can rise digitally and build a career in software development to impact their communities and the world at large.

OUR PROGRAM

Our coding bootcamp is not only designed to get you hired but to make you a world - class developer and build you to impact change in your communities and the world at large.

- **8 MONTHS PRATICAL TRAINING WITH JOB PLACEMENT**
In-person training in full-stack web and mobile app development with project-based immersive learning. we provide world-class teaching and mentoring to transform anybody (with even no prior programming experience) into a professional software developer and start a successful career.
- **PRO-PRENEUR**
After our 8 months of training, successful developers who are passionate about creating their own business with the skills they have acquired are taken through mentorship programs by real-life Entrepreneurs, CEOs and other executives from all over the world.
They are also given the opportunity to pitch their ideas for a seed fund of \$10,000 - \$50,000
- **ALUMNI**
Acaplux's alumni become part of a 7 year Fellowship where they get continuous professional development and support.
